DETAILED ACTION

1. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because reference numbers 12, 16, 18, 20, 22, 24 and 28 are used to show two different elements in the figures (for example in Figure 1 reference 12 refers to the “feed mechanism” yet in Figure 9 reference 12 appears to represent “incendiary”). Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1-25 are allowed.

3. The following is an examiner’s statement of reasons for allowance: The prior art of record does not anticipate or fairly suggest the combination of the claimed apparatus or method for initiating and dispensing an incendiary from a line of series connected incendiaries, the apparatus comprising a feed mechanism for advancing a line of series connected incendiaries, an injection device for injecting a substance into the incendiary as the incendiary is advanced, the substance reacting exothermically with another substance in the incendiary and a cutter for cutting the incendiary from the line of connected incendiary.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michelle (Shelley) Clement whose telephone number is 571.272.6884. The examiner can normally be reached on Monday thru Thursday 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Carone can be reached on 571.272.6873. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
